PARADIS

Le soleil dort, le soir s'éteint,
La lune luit, les astres brillent
Et les étoiles s'éparpillent
Dans la noirceur du ciel serein.

Parfois un songe merveilleux
À travers l'ombre ouvre un passage
Vers des forêts, vers des rivages,
Vers des jardins mystérieux…

Mais seul le poète est admis
À visiter ces lieux étranges
Où l'on entend chanter les anges
Et les oiseaux du Paradis..

Isabelle Callis-Sabot
